MB CRUSHER: ADVANCED, VERSATILE, TOUGH.

For over 20 years **MB CRUSHER** has been designing **and manufacturing** attachments for heavy equipment regardless of size. Perseverance and resilience led the company to invent the first jaw crusher for excavators. Investing in technology research contributed to the development of MB's products that can be installed on any carrier machine, turning them into real mobile crushers while improving the machine's performance and allowing companies to use the resources available in their job sites. **MB CRUSHER** has evolved over the years and has become the **benchmark for the construction equipment industry around the world** today. With a full range of products to give companies the solutions that they are looking for.

MB CRUSHER HAS SOLUTIONS FOR EVERY CARRIER MACHINE

Crushers, screening buckets, shafts screeners, drum cutters, sorting grapples. **MB CRUSHER** provides entrepreneurs with the widest range of attachments capable of **making construction sites** of any size, **independent and competitive** regardless of the job's nature and scope of action. All of MB CRUSHER's equipment was designed to solve **all kinds of obstacles**, even the most extreme. From skid steers, backhoes, telehandlers, mini and midi excavators, from 1,3 ton machines to excavators weighing 70 ton; **there will be a suitable MB CRUSHER unit**. Installation is straightforward and quick, whether it's for the larger machines in the MB range or the small ones.

PRODUCTS GUARANTEED AND CERTIFIED QUALITY

Guaranteeing a safe product, that is compliant with international regulations is essential for everyone at MB CRUSHER. All aspects (from assembly to the finished product) are constantly certified, to meet the markets' needs and to **guarantee** the customer receives a product that **is accredited for its good quality**.

100% MADE IN ITALY

MB Crusher is an **Italian company** with a worldwide presence. All of the equipment's production phases take place at the headquarters in Fara Vicentino, Italy. More than 45.000 square meters host research and development laboratories, production departments, sales, marketing and administrative offices. Here, every piece of equipment is designed, assembled and distributed to international markets by more than **250 people**. Brazil, China, France, Germany, Japan, India, Russia and United States. There are 9 subsidiaries abroad that support the headquarters to promote and distribute the products to all continents. And a network of over 950 dealers helps sell MB Crusher's products to **over 150 countries**.

WITH MB CRUSHER

YOU CRUSH

EVEN TIME.

ONE ATTACHMENT TO WORK
FASTER AND SAVE MONEY.

WATCH THE VIDEO

With
MB

8
MINUTES

It is how long
it takes **FOR**
MB CRUSHER
to process the
material.

1
ATTACHMENT

This is why MB
CRUSHER's
units are used
on many job
sites around the
world. Because
it **replaces 3**
machines with
just **one unit**.

The jobsite
becomes
**environment-
friendly:**
-less CO₂
-no landfill
disposals
-reduce pollution
emissions
from vehicles
transporting
material.

Without
MB

240
MINUTES

is the average
time to process
9 tons of material
WITHOUT MB
CRUSHER.

3
VEHICLES
INVOLVED

3 are the
machines involved
to collect,
transport and
process materials
WITHOUT MB
CRUSHER.

BACKHOES, LOADERS
AND SKID STEERS

3 - 100 ton

REDUCED VIBRATION

Control devices reduce vibration on the arm of the carrier machine.

EASY MAINTENANCE

Quick and easy maintenance: no oil change required.

WIDE MOUTH OPENING

Widest crusher mouth opening per weight of the equipment, available on the market.

HYDRAULIC PROTECTION

The latest hydraulic system extends and protects the life of the excavator.

LOW NOISE

The frame is designed to minimize noise and vibration while crushing.

GUARANTEED OUTPUT SIZE

Regular output size is guaranteed even with worn out jaws.

OPTIMAL DESIGN

Designed to pick up and process material with ease while guaranteeing quality and increased production rates.

The jaw crushers turn any carrier into a real mobile crusher. MB CRUSHER's range of crusher buckets is the largest in the world with **over 90% world's market share**.

MB CRUSHER BUCKETS

FIND OUT MORE

FOR EXCAVATORS
AND BACKHOE
LOADERS

6,5 - 100 ton

Installed on heavy equipment, MB's jaw crushers transform waste into ready-to-use material in a single crushing phase. They are versatile and high-performing machines, created to meet the needs to crush materials in quarries, landfills, urban and non-urban construction sites regardless of the location's size.

MB DRUM CUTTERS

FIND OUT MORE

FOR EXCAVATORS
AND SKID STEER
LOADERS

3,5 - 35 ton

REPLACING THE DRUMS

The drum heads can
be replaced directly
on the job site.

Ideal for applications
that require you to
grind compact materials
efficiently and accurately.
They are the only drum
cutters on the market that
feature the Direct Drive
Twin Motor System, which
distributes the force of
two drums according to
the power required.

SUBMERSION

Suitable for
underwater work.

LESS VIBRATION

Equipped with the **no
torsion system** that reduces
transverse stress on the arm
of the excavator.

RELIABLE

Devices available to
reduce the excavator's
oil temperature during
heavy use.

STRONGER

Equipped with
power boost to
evenly distribute
the power to the
rotary cutter that
needs more force.

DURABLE

Equipped with **wear-
resistant plates** to
protect the central body.

Utilize the 360° rotation even with excavators
that only have two hoses.

REMOTE POWER CONTROL SYSTEM

Managing the claws' closing force directly
from the cabin.

ROTATION POWER EXTENDER KIT

To duplicate the grapple's rotational force and allow
you to handle heavy materials with ease.

SERRATED SIDE PLATE KIT

For handling material of particular shapes.

MULTI-PURPOSE BLADE KIT

For handling material of particular shapes.

24 MONTH WARRANTY

RUBBER PROTECTION KIT

For handling blocks of linear and delicate material.

CLAM SHELL KIT

For picking up and moving small material.

GRIP IMPROVEMENT KIT

To easily handle materials of particular weights and
shapes, better grip and more control.

SMART REMOTE CONTROL

With the **innovative MB CRUSHER** solution you are able to **keep track of the product and its conditions** of use in real time.
