

MB Crusher on Stage at Bauma Conexpo India 2016

MB Crusher will be featured at one of the largest trade fair for industry and building, the BaumaConexpo India 2016, a 4 day event being held from 12th December to the 15th December 2016 in Gurgaon.

Visitors will have the chance to see two models of crusher buckets: the BF70.2, suitable for excavator starting from 14 ton and the BF90.3 S3, the historical model that has been overhauled with a third series at the beginning of the year.

MB will also display the crusher bucket MB-L160, the perfect solution for skid loaders starting from 4,50 ton and backhoes between 7 to 10 Ton and the screening bucket MB-S18, a must in reducing volumes and optimizing the size of materials for specific uses.

On stage visitors will find also one of the three models of the drum cutter, the MB-R800, suitable for any application requiring hard materials to be cut or ground away.

MB Crusher has been present in India since 2012 and since then it has been

growing with partnerships to assure a local presence and participating at most important trade events. The company, indeed, synonymous with reliability, innovation, versatility and quality, will once again prove that it is capable of taking on the challenges launched by the market and dealing with them with stubborn determination. Commitment to customer satisfaction, improvement in results, and a company policy aimed at total quality are the values that MB has been pursuing since the day of its founding.

Participation in trade shows also represents an important opportunity for visitors to become acquainted with and appreciate the high quality of MB's products and the solid foundations laid down by the company, which have allowed it to become number one in its field in just a short time.

MB will display its innovative machines in the outdoor area, booth number 822.

IL&FS Engineering Services Receives LoI for Rs. 149.22 Crores RE Works in Uttar Pradesh

IL&FS Engineering and Construction Company Limited (IL&FS Engineering Services) has received a Letter of Intent (LoI) from Madhyanchal Vidyut Vitran Nigam Limited (MVVNL) for Rural Electrification (RE) works of major villages of Gonda district in Uttar Pradesh on a turnkey basis under Government of India Scheme of Deen Dayal Upadhyay Gram Jyoti Yojana (DDUGJY).
